## Crime Incidence in the Cordilleras declines in 2<sup>nd</sup> Quarter 2013

The crime incidence in the Cordillera Administrative Region (CAR) declined by 6.0 percent or from 4,125 to 3,878 crimes reported for the 1<sup>st</sup> quarter and 2<sup>nd</sup> quarter 2013, respectively. The overall decline in crimes for the period was due to the 14.7 percent drop in index crimes which offset the 6.9 percent increase in non-index crimes.

In terms of crime solution efficiency, Abra was the sole province within CAR which had solved more than half of its recorded crimes with a crime solution efficiency rate (CSER) of 54.5 percent reported in 2<sup>nd</sup> quarter 2013. All other provinces, including Baguio City recorded a CSER of 30.0 percent and below during the same period.

In terms of the proportion of recorded crimes in CAR during the 2<sup>nd</sup> quarter of 2013, Baguio City accounted for more than two-thirds (68%) of total crimes which included other non-index crimes and theft. Benguet province accounted for 17 percent while each of the other CAR provinces contributed only 4 percent or less to total crimes.

Less crimes were reported within the region during the 2<sup>nd</sup> quarter of this year. Crimes against persons decreased by 17.3 percent due to less incidents of physical injury. Crimes against property dropped by 12.6 percent due to less reported incidents of robbery and theft. Other non-index crimes decreased by 8.6 percent while the violation of special laws (e.g. illegal logging, illegal gambling, etc.) ballooned by 66.7 percent.

Other non-index crimes, theft and physical injury comprised the highest share to total crimes recorded every quarter for the entire region.

Source of Data: Philippine National Police, Police Regional Office – Cordillera (PRO-COR)

Notes:

- In July 2012, PRO-COR issued a directive to all police stations to conduct "crime validation" to their respective area of responsibility to ensure the quality of data gathered is used in its Geographic Information System-Based Crime Analysis (GIS-BCA) project.
- Index Crimes include crimes against persons (murder, homicide, physical injury and rape) and crimes against property (robbery, theft, carnapping and cattle rustling).
- Non Index Crimes include violations on special laws and other crimes not elsewhere classified.
